

## **REMARKS**

As such, Applicant respectfully requests the Examiner reconsider his rejection of this claimed invention and recognize the new location and use of the present invention as different from and advantages over the prior art that make this invention not anticipated and non-obvious to one skilled in the art and accordingly reconsider, approve and allow the claims as amended.

If the Examiner considers necessary any formal changes in the specifications, claims and/or the drawings, Applicant respectfully asks that such changes be made by Examiner's Amendment, if the Examiner feels this would facilitate this application to issuance.

Respectfully submitted,
